

TERSIA KING LEARNING ACADEMY PRIMARY SCHOOL

Offering a safe and secure school environment since 1991

Tersia King Learning Academy (TKLA) was established in 1991 and is accredited by the UMALUSI Council. The Academy offers education from Grade RR to Grade 12. We strive to be an institution of excellence; yielding inspired, highly competent and skilled citizens of South Africa. We continuously strive to ensure that our learners are afforded every opportunity for further enrichment beyond the standard curriculum.

At TKLA Primary School we aspire to challenge and support our learners; we regard our classrooms as places of learning, growth and improvement. We focus on each learner academically, emotionally and culturally, as we guide them along their pathway to success.

TERSIA KING LEARNING ACADEMY PRIMARY SCHOOL (Grade 1-6)

- Computer Lab / Media Centre
- STEM – our Lego / Robotics programme, is part of the subject Technology and develops critical thinking processes and installs self-discipline
- Coding and Scratching - the basis of programming
- Cami Maths – our computerised mathematics programme, helps learners to grasp Maths concepts, thus avoiding learning gaps
- Stimulus Maksima – our individualized reading programme, assists with comprehension, spelling and fluency
- Choir - in both Foundation Phase and Intermediate Phase
- Throughout the year soccer and netball are played at school and will be offered as an extramural activity in the afternoons
- Kempton Park Eisteddfod.

Our core values of respect, honesty, hard work and discipline are the four cornerstones on which our motto “Preparing Learners for Life” is based and which we strive to install in each of our learners
